Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 0.497 inches and 0.500 inches

Metallic Hardness Rating:

53.0 rockwell c and 58.0 rockwell c

Face Width:

Between 0.280 inches and 0.286 inches

Bore Inside Diameter:

Between 0.3432 inches and 0.3437 inches

Material:

Steel

Material:

Steel

Style Designator:

Plain

Fsc Application Data:

Control, propeller, aircravu

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-k
