Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 1.121 inches and 1.122 inches

Metallic Hardness Rating:

50.0 rockwell c and 54.0 rockwell c

Face Width:

Between 0.299 inches and 0.300 inches

Bore Inside Diameter:

Between 0.6255 inches and 0.6265 inches

Material:

Steel

Material:

Steel

Style Designator:

Plain

Surface Treatment:

Phosphate

Fsc Application Data:

Mounts, guided missile launcher

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-k
