Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 0.374 inches and 0.376 inches

Metallic Hardness Rating:

53.0 rockwell c and 58.0 rockwell c

Face Width:

Between 0.250 inches and 0.255 inches

Bore Inside Diameter:

Between 0.281 inches and 0.282 inches

Material:

Steel, corrosion resisting

Material:

Stainless steel

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-k
