Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 0.299 inches and 0.300 inches

Metallic Hardness Rating:

53.0 rockwell c and 57.0 rockwell c

Face Width:

Between 0.120 inches and 0.130 inches

Bore Inside Diameter:

Between 0.101 inches and 0.103 inches

Material:

Steel

Material:

Steel

Style Designator:

Plain

Surface Treatment:

Passivated

Fsc Application Data:

Fuel control, jet engi2f, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-k
