Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 0.8730 inches and 0.8740 inches

Metallic Hardness Rating:

39.0 rockwell c and 45.0 rockwell c

Face Width:

1.050 inches

Bore Inside Diameter:

Between 0.6250 inches and 0.6270 inches

Material:

Steel and steel

Material:

Steel and steel

Style Designator:

Plain

Surface Treatment:

Passivated

Fsc Application Data:

Fitting, ramp hook, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-k
