Width Across Flats:

3.0000 inches

Overall Length:

3.8750 inches

Body Outside Diameter:

2.3750 inches

Body Inside Diameter:

0.7500 inches

Flange Width:

0.8750 inches

Corner Shape:

Square outside left corner

Surface Finish:

32.0 microinches inside diameter surface of body

Material:

Steel comp 4135

Material Specification:

Astm a355 assn standard single material response

Style Designator:

22f hexagon shaped flange, external flange one end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A045a0
