**Criticality Code Justification:**

Zzzy

**General Description:**

Material cres astm a564; 1.875 in nom o/a dia; 1.500 in major i.D.; 0.340 in minor i.D.; drilled hole in face 0.248 in diameter by 0.380 in deep for dowel pin

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
