Criticality Code Justification:

Zzzy

General Description:

Material cres astm a564; 1.875 in nom o/a dia; 1.500 in major i.D.; 0.340 in minor i.D.; drilled hole in face 0.248 in diameter by 0.380 in deep for dowel pin

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
