**Functional Description:**

Drag brace assembly bushing, nose landing gear

**Material:**

Copper alloy 630

**Material Specification:**

Ams 4640 assn standard single material response

**Reference Data And Literature:**

T.O.1f-16a-4-32 figure 11 and t.O.4s2-80-13

**Style Designator:**

22c solid, external flange one end

**Type/model Designation:**

F-16a/b

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A045a0
