End Application:

Detroit diesel engine p/n 1064-7002-6-71 onboard 180 ft slep class c.G. Vessels

Component Quantity:

2

Component Document Origin:

Industrial

Document Source:

72582

Document Type:

Parts catalog

Component Document Page Number:

1.1 of 1.7000

Document Identification:

Tm-1183

Criticality Code Justification:

Feat

Special Features:

Tolerance .020 under size i.D.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23800
