Width:

Between 0.6230 inches and 0.6250 inches

End Application:

Sh-2g

Product Name:

Bearing assembly

Special Features:

Nha pn k872309 and k872310; ult static radial load 6113 lbs; vibratory loads porm 1680 lbs; temp 450 degrees c; material ball ams5387 and ams7239, heat treat rc37 min; material race a286/ams5737, heat treat rc29-36; surface hardrsh 93.5 min, core hard rc29-36

Style Designator:

Plain bearing, outer ring without insert and/or liner

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A045a0
