End Application:

1520-01-088-3669; helicopter, cargo-transport

Product Name:

Bushing-flanged, press fit steel, cres, bronze & copper

Material:

Copper alloy 630 or copper alloy 642

Material Specification:

Astm b150.Astm b150qq-b-679; or ams4640 assn standard all material responses

Surface Treatment:

Cadmium

Surface Treatment Specification:

Ams qq-p-416, type ii0.Ams qq-p-416, type ii0class 2 assn standard single treatment response

Style Designator:

22c solid, external flange one end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A045a0
