End Application:

Pylon, aircraft

Product Name:

Bushing flanged

Special Features:

Outside diameter of flange - 1.900 inches; outside diameter of bushing - .966 inches; thickness of flange- .116 inches; length of bushing - .979 inches

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A045a0
