**Overall Length:**

1.0000 inches

**End Application:**

Gear assembly, speed decelerator

**Product Name:**

Sleeve bearing

**Special Features:**

Material is sintered bronze

**Material:**

Copper alloy

**Style Designator:**

17e blank, plain, no outside flanges

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A045a0
