Overall Length:

1.2500 inches

End Application:

2355-01-539-3589; light armored vehicle

Left Internal Flange Width:

0.1875 inches

Product Name:

Sleeve bearing

Special Features:

Material: bronze; bronze type: sae 841 bronze; type: flanged sleeve bearing; inside diameter tolerance: +.0025 inch to +.0035 inch; outside diameter: 1.500 inch ; flange outside diameter: 1.750 inch ; load (p max): 2000; speed (v max): 1200; load at speed (pv max): 50000; temperature range: +10 degree to +220 degree fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A045a0
