End Application:

4910-01-539-6129

Outer Member Outside Diameter:

1.380 inches

Outer Member Width:

0.380 inches

Product Name:

Track roller

Special Features:

Stud diameter is 0.3130 in (nom); stud length is 0.625 in (nom); thread size is 0.3125 in (nom); thread length is 0.450 in (nom); threads/inch are 18; bearing type is ball

Material:

Steel rod end body

Surface Treatment:

Zinc rod end body

Style Designator:

Crowned outer ring w/insert and/or liner

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A045a0
