Overall Length:

20.0 millimeters

Body Inside Diameter:

16.0 millimeters

Product Name:

Du bushing

Special Features:

The dry bushing (or du bushing) is the ultimate in oilless bearing design, using lead and tetrafluoroethylene (ptfe) having excellent wear resistance which optimizes metal properties such as strength and dimensional stability

Material:

Steel and bronze outer layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A045a0
