Bore Diameter:

Between 5.9950 inches and 5.9970 inches

Rolling Element Groove Quantity:

1

Alignment Type:

Self-aligning

Internal Fit-up Designation:

Tight

Block Type:

Fixed

Shaft End Type:

Closed

Features Provided:

Ground rolling element groove

Rotating Element Locking Method:

Direct

Material:

Steel housing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A093a0
