Rolling Element Groove Quantity:

2

Alignment Type:

Rigid

Assemblylength:

1.2000 inches

Shaft End Type:

Open

Features Provided:

Ground rolling element groove

Material:

Aluminum alloy 7075 housing

Material Specification:

Qq-a-225/9 federal specification single material response housing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A093a0
