**Rolling Element Groove Quantity:**

2

**Alignment Type:**

Rigid

**Assemblylength:**

1.2000 inches

**Shaft End Type:**

Open

**Features Provided:**

Ground rolling element groove

**Material:**

Aluminum alloy 7075 housing

**Material Specification:**

Qq-a-225/9 federal specification single material response housing

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A093a0
