Rolling Element Groove Quantity:

1

Assemblylength:

0.6000 inches

Shaft End Type:

Open

Features Provided:

Ground rolling element groove

Material:

Steel seal

Material Specification:

Qq-a-225/9, t6 federal specification single material response housing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A093a0
