Mounting Hole Diameter:

0.218 inches

Bore Diameter:

Between 0.8120 inches and 0.8125 inches

Mounting Hole Type:

Round, unthreaded

Special Features:

Housing height is 1.125 in.; housing width is 1.000 in.; base length is 1.092 in.; used on mark iii weather terminal

Material:

Steel comp 316

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A093a0
