Bore Diameter:

Between 3.2510 inches and 3.2530 inches

End Application:

Hatch ballistic; aircraft carrier cvn 70

Special Features:

Square block w/round bore; grease groove & one screw hole on right

Material:

Copper alloy

Material Specification:

Mil-b-24059 military standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A093a0

Mil-std (military Standard):

Mil-b-24059 spec.
