End Application:

Iroquois helicopter

Product Name:

Liner bearing housing

Special Features:

Item is a bearing liner with flange on it

Functional Description:

Used during repair/maintenance of the scissor and sleeve assembly

Reference Data And Literature:

Nzap 6210.002-4.1

Supplementary Features:

Used on 212-010-407-109

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
