General Description:

Table working surface 39.4 in. X 19.3 in: x-axis 31.5 in, y-axis 20.1 in, z-axis 19.7 in travel: fanuc control: 15 h.P.: bt-40, v flange spindle: 22 station automatic tool changer: spindle range 40-6000 rpm: 230/460 voltage, 3 phz, 60 hz, initially wired for 230 volts: low voltage light: automatic lubrication: flood coolant system with removable chip and coolant collector pan: fully enclosed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
