Special Features:

Custom cutter co., no. Mro-62-ds

Reference Number Differentiating Characteristics:

As differentiated by ram type, one each horizontal and vertical head, round table, rotary indexing work fixture, 62 in. Diameter workpan, 60 in. Diameter by 10 in. Thk maximum workpiece dim, 500 lb maximum wt of workpiece, 8 in. Ram stroke, 220v, 60 hz, 3 phase power input, 100 amp output power supply with dual controls, specifically designed for machining jet engine blade sections

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
