Mounting Type:

Bench

Current Type:

Ac

Accessory Components And Quantity:

Steel vertical column 1ea, face plate 1ea, centers lathe dog belts, allen wrench 1ea, grinding wheel arbor tool bit 1ea, drill chuck

Design Type:

Saddle

Feed Type:

Manual

Electric Motor Horsepower Rating:

0.100

Power Source:

Electric motor

Maximum Bar Stock Diameter Accommodated:

3.000 inches

Maximum Chucking Distance Over Universal Carriage:

6.900 inches

Spindle Speed Quantity:

11

Maximum Distance From Spindle Nose To Turret Face:

6.900 inches

Universal Carriage Feed Type:

Manual

Rotation Travel In Deg:

360.0

Turret Carriage Feed Type:

Manual

Turret Shape:

Square

Voltage In Volts:

115.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T221-a
