Mounting Type:

Floor

Design Type:

Ram

Maximum Bar Stock Diameter Accommodated:

2.500 inches

Spindle Speed Range In Rpm:

+50.0/+4200.0

Rated Swing:

26.000 inches

Maximum Distance From Spindle Nose To Turret Face:

23.120 inches

Turret Carriage Feed Type:

Power

Turret Position Quantity:

12

Special Features:

Round 20c collet through capacity 2in; 20c step chuck gripping capacity 6in; 8in jaw chuck gripping capacity 6.5in. Torque rating 525 rpm. Maximum x-axis travel 6.75in; maximum z-axis travel 22.875in; maximum square shank tool size 1in; max round shank tool size 1.5in. Machine length 110.4in; height 71in; depth 68.7in. Cnc slant bed lathe has a 5 tenths tolerance, general purpose

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T221-a
