Mounting Type:

Bench

Design Type:

Ram

Maximum Bar Stock Diameter Accommodated:

2.000 inches

Maximum Chucking Distance Over Universal Carriage:

8.300 inches

Spindle Speed Quantity:

10

Spindle Speed Range In Rpm:

+0.0/+4000.0

Spindle Reversibility:

Nonreversible

Actual Swing Over Bed:

23.000 inches

Turret Position Quantity:

10

Special Features:

Flood coolant system; 20 hp spindle; brushless motor; 10 position bolt on tool turret; 5 spare m-functions; automatic lubrication system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T221-a
