General Description:

Vertical spindle, bed type, 3 axes, numerical controlled, 40 in. Table width, 120 in; table travel, 220/440v, 3 phase, 60 hertz, w/flood coolant system, 3 axis command readouts, sequence number readout, circular interpolation, parabolic interpolation, and cutter diameter compensation

Reference Number Differentiating Characteristics:

As differentiated by technical characteristics

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
