General Description:

Horizontal spindle, traveling housing, all axes hydraulic-tracer controlled, spindle head mtd for left side machining, w/o work table, 36 in. Longitudinal column travel, 24 in. Spindle head vertical travel, 87 in. Bedway, 13 in. Spindle quill horizontal travel, 9 in. Spindle dia, 100 to 1595 spindle rpm

Reference Number Differentiating Characteristics:

As differentiated by technical characteristics

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
