## **General Description:**

No

Horizontal spindle, traveling housing, all axes dydraulic-tracer controlled, spindle head mtd for left side machining, w/o work table, 36 in. Longitudinal column travel, 24 in. Spindle head vertical travel, 87 in. Bedway, 13 in. Spindle quill horizontal travel, 9 in. Spindle dia, 100 to 1595 spindle rpm

## **Reference Number Differentiating Characteristics:**

As differentiated by tech	nnical characteristics
