**General Description:**

Furnace, induction high frequency, floor mtd, localized preformed heating unit coil type, power input data, 18.5 kw, 20 kva, 90 pct of power factor, ac, 220/440 volts, 60 cycles, 3 phase, power output data, 10 kw, 400 kc, 400 to 500 kc range, electronic tube generator unit, power control data, automatic and manual control type

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
