General Description:

Furnace, induction high frequency, floor mtd, localized preformed heating unit coil type, power input data, 18.5 kw, 20 kva, 90 pct of power factor, ac, 220/440 volts, 60 cycles, 3 phase, power output data, 10 kw, 400 kc, 400 to 500 kc range, electronic tube generator unit, power control data, automatic and manual control type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
