General Description:

Furnace, induction, high frequency, floor mtd, localized preformed heating unit coil type, power input data, 12 kw, 12.5 kva, 95 pct of power factor, ac, 460 volts 60 cycles, three phase, power output data, 5 kw, 450 kc, 270 to 500 kc range, electronic tube generator unit, power control data, manual control type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
