Width:

3.5 inches

Thickness:

1.0 inches

Length:

6.0 inches

End Application:

Uscg cutter boat, over the horizon-iv 26 ft (oth-iv)

Material And Location:

Aluminumaab

Product Name:

Weld-on aluminum anode with aluminum strap

Special Features:

Material is aluminum alloy iaw military specification a-24779 (sh); 1-in strap runs end-to-end through the aluminum anode and extends 2 inches on each side

Style Designator:

Sheet

Weight:

2.0 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25200

Mil-std (military Standard):

spec.
