Criticality Code Justification:

Zzzy

General Description:

Material is corrosive resistant steel, item is 2 1/4" long, the base is 2 1/16" diameter, 3/8" thick, top is 1 3/16" diameter with a .09x45degree chamfer, three screw holes in base .230 in. + .002 - .003

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
