**End Application:**

Shop and field equipment

**Product Name:**

Mig/multi process welder

**Special Features:**

Model xmt35 (cc/cv); multi-process invertwer gmaw, gtaw, mmaw, fcaw, caag and pulse mig; auto-line plug anywhere worldwide; single or 3 phase power (208-575 volts) ; welding output range 5-425amps mmaw/gtaw and 10-38volts for gmaw/pulse

**Supplementary Features:**

Portable; includes selector panel, readable digital amp and volt meters; auxillary power 115v, ac power, hf unit; electrode ovens and co2 gas heaters; made of aerospace aluminum for extreme conditions

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23800
