Design Type:

Rectifier

Voltage In Volts:

0.75

Phase:

Three

Special Features:

Auto-line 380-575 vac; includes 2 thread lock weld cabl connectors p/n 225-029; 1 water cooled thread lock torch adapter p/n 225-028 for number 18 and number 20 torches; also includes a dvd setup video p/n 25116; height 34-1/2 inches; width 13-3/4 inches and 22 inches deep; conforms to applicable parts of the iec 60974 series of standards

Frequency In Hertz:

0.50

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T345-a
