Specific Use:

General purpose

Size Designator:

7

Usage Design:

Machine

Attachment Method:

Snap-lock

Preheat Orifice Shape And Quantity:

6 round

Special Features:

Pre-heat medium w/6 holes

Fuel Type:

Acetylene

Material:

Copper alloy

Material:

Copper alloy

Style Designator:

One piece

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T345-f
