Specific Use:

General purpose

Usage Design:

Manual

Attachment Method:

Press-fit

Preheat Orifice Size Designator:

56

Preheat Orifice Shape And Quantity:

6 round

Special Features:

length 3 inches

Fuel Type:

Acetylene

Material:

Copper alloy

Material:

Copper alloy

Style Designator:

One piece

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T345-f
