Product Name:

Exothermic cutting torch set

Special Features:

Is the vehicle mounted repair & recovery evolution of the broco industrial torch. Fulfills the requirements for cutting track, armor, cast iron, aluminum, titanium, & a wide range of hardened alloys with a fast, easy to operate torch set. Outfit includes the torch assembly with 30 feet oxygen hose & power cables, 30 feet hose/cable extension set, oxygen regulator, nato slave plug (to interface with vehicle power), cutting rods, accessories & pelican storage case. Also includes a 16 inch rod extender for extra reach (or standoff) & a medical oxygen adapter so d & e cylinders with the post valves can be used with the torch.
