General Description:

10.004 in. To 0.020 in. Weld area dia, vertical viewing and welding axis, 8 in. Work height, 13 in; throat depth, 2600 joules maximum storage energy, 324 uf maximum capacity, 110v, ac, 60 hertz, single phase input power

Reference Number Differentiating Characteristics:

As differentiated by technical characteristics

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
