**General Description:**

10.004 in. To 0.020 in. Weld area dia, vertical viewing and welding axis, 8 in. Work height, 13 in; throat depth, 2600 joules maximum storage energy, 324 uf maximum capacity, 110v, ac, 60 hertz, single phase input power

**Reference Number Differentiating Characteristics:**

As differentiated by technical characteristics

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
