Width:

1.500 inches

Thickness:

0.010 inches

Length:

3.438 inches

Flux Feature:

Not included

Physical Form:

Strip

Chemical Composition Percentage:

Silver 61; copper 26; zinc 17

Precious Material And Location:

Integral silver

Precious Material And Weight:

0.610 silver ounces, troy

Precious Material:

Silver

Specification Or Standard:

G, ag base class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T166-b
