## NSN 3439-00-971-8681

Lead-tin Alloy Solder - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3439-00-971-8681

Diameter:

0.032 inches

Physical Form:

Wire

**Chemical Composition Percentage:** 

Lead 60.0; tin 40.0

**Content Within Each Unit Package:** 

1 lb

Wire Core Type:

Rosin

**Specification Or Standard:** 

Sn40 type

Departure From Cited Designator:

As modified by wire core type, and diameter

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No
