Overall Length:

10.750 inches

Overall Height:

8.750 inches

Overall Width:

13.125 inches

Current Type:

Ac

Handle Type:

Cylindrical

Frequency In Hertz:

60.000

Plug Type:

3-wire

Operating Voltage In Volts:

120.000

Tip Removability:

Removable

Spotlight:

Not included

Thermostatic Control:

Included

Phase:

Single

Special Features:

Total weight 20lbs; variable vacuum and pressure cntrl; high torque variable speed drilling; programmable function selector; dual foot pedal; temperature indicator; 3 variable ac outlets; 1 fixed ac outlet; variac electro-mechanical output cntrl; standard zero voltage switching protection; microprocessor plating unit; cmos safe; static free

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T166-j
