Current Type:

Ac

Frequency In Hertz:

60.000

Operating Voltage In Volts:

115.000

Phase:

Single

Special Features:

3made up of 2 joined hot plates w/individually controlled heating elements covered by alum. Plate 0.50 in. Thk, 121.0 in.Lg, 61.0 in. Wd that evenly distributes heat; temp range 20/200 degrees c; use 15 watt soldering iron to solde/unsolder connections

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T166-j
