**Current Type:**

Ac

**Frequency In Hertz:**

60.000

**Operating Voltage In Volts:**

115.000

**Phase:**

Single

**Special Features:**

3made up of 2 joined hot plates w/individually controlled heating elements covered by alum. Plate 0.50 in. Thk, 121.O in.Lg, 61.0 in. Wd that evenly distributes heat; temp range 20/200 degrees c; use 15 watt soldering iron to solde/unsolder connections

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T166-j
