Electronic Components Soldering System - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3439-01-342-0807

End Application:
Eaalathe, engine
Special Features:
C/orequired to duplicate equipment and process controls necessary to achieve high reliability solder connections for printed wiring
assemblies. Equipment will also be usedfor development tests which will include the effects of alternative fluxes and cleaning processes on
electronic assemblies
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
